

New Zealand Certificate in Collision Repair

(Non-Structural Repair)

Level 3 and 4

This programme will provide the skills and knowledge required to repair, replace and refit non-structural vehicle panels that have been damaged as a result of a collision.

Programme outline

This work-based programme is expected to take 3.5 years to complete both levels 3 and 4.

The training programme includes a mix of practical training and assessment, undertaken in the workplace, and eLearning, allowing you to complete theory elements of the programme at your own pace. You will have access to videos, interactive simulations and theory assessments, which can be easily accessed at any time and from any device – mobile phone, tablet or PC.

Entry requirements

You must be employed full-time in the industry to enrol in this programme.

2024 programme fee

\$1,154 (excluding GST and any bulk learner discount).

Some learners may be eligible for the Government's Fees Free scheme (up to two year's free fees) – check your eligibility at feesfree.govt.nz.
