

Accelerate your career with a nationally recognised qualification!

Get qualified with MITO

Take your knowledge to new depths with MITO's Mining and Quarrying programmes.

MITO's Mining Administration Tunnel Manager (A and B Grade) programmes are designed for first line or site managers who would like to gain certification as tunnel managers.

Gain a national qualification

- The National Certificate in Extractive Industries (Mining Administration B Grade Tunnel Manager) (Level 5) takes 24 months to complete and is a prerequisite for the A Grade qualification. You may also choose to complete the optional strand in Coal Mine Deputy.
- The Level 6 National Certificate in Extractive Industries (Mining Administration) with a strand in A Grade Tunnel Manager takes 16 months to complete.

Designed by industry, for industry.

Programme outline

The National Certificate in Extractive Industries (Mining Administration B Grade Tunnel Manager) (Level 5) includes:

- Regulatory requirements
- Safety checks and plans
- Site operation planning
- Underground extraction
- Mines rescue service
- Fire safety.

The optional strand in Coal Mine Deputy covers:

- Problem solving
- Underground extraction theory.

Upon gaining the B Grade qualification, you may complete the Level 6 National Certificate in Extractive Industries (Mining Administration) with a strand in A Grade Tunnel Manager.

This covers:

- Extractive site management
- Designing, analysing and evaluating underground mine operations.

Both qualifications include optional First Aid unit standards.

A blended approach to learning

Written, practical and distance-based training resources support a range of learning styles, making it enjoyable and easier to learn. You can also expect a combination of on-site and off-site training in addition to self-motivated study.

Support will be provided by your MITO Industry Training Advisor, workplace supervisor and specialist trainers.

Training fee

A training fee applies, please contact MITO for details.
